LED DRIVER 12VDC 60W MODEL NO: BL-120-12-60

This new high efficiency, reliable and flexible LED driver has been developed and tested specifically for use with LED light modules (light strings). It is ideal for applications such as channel letters, menu boards and other small signage. These drivers are damp location rated (IP 66) and are included in the Sign Accessories Manual (SAM) UL879. They are warranted for 5 years/ 50,000 service life hours.
